### Unsolicited Telephone Calls

Keep a copy of this sheet near each phone

- When telemarketers call, record the necessary information about each call.
- Ask them to put you on their "Do Not Call List" if you don't want calls in the future.
- The Telephone Consumer Protection Act of 1991 gives you the right to collect monetary damages from companies that continue to call you after you have asked them to stop.
- This law does not apply to noncommercial calls (charitable groups, political organizations, pollers, nonprofit organizations).
- If you need help with repeat callers, contact your state attorney general's office. In PA, call 1-800-441-2555.
